

Gfp **Graphic Finishing** partners

Where Finishing Comes First.

Gfp 865DH-4R

Professional Dual Heat Laminator

For finishing professionals who need versatility, quality, and economy in one machine, the Gfp 865DH-4R delivers. Turn out thermal encapsulation with low melt films (1.5-10mil), PSA lamination, and mounting jobs quickly and easily.

ULTIMATE FLEXIBILITY

Dual heat for thermal & cold apps

PROFESSIONAL FEATURES

Produce Professional results

FAST ROLL CHANGES

Front/Rear Swing-out shafts

EASY LOADING

3" Quick-Grip Swing-out Shafts

INDUSTRIAL DESIGN

Years of maintenance-free service

laminating • mounting • encapsulating

Our most flexible, cost-effective laminator yet

Spend less time on set-ups and changeovers with swing-out Quick-Grip supply shafts. Two front rewind shafts allow thermal encapsulation of prints from a roll.

- Labor saving swing-out supply shafts
- Drop-in Quick-Grip rewind shafts
- Photoelectric eye for operator safety
- Independent top and bottom heaters
- Web clutch adjustment for output quality
- Motorized rear rewind
- Swing up feed table and 38" output height

Motorized rear rewind for roll-to-roll applications included.

Media Alignment Disks prevent media supply roll from telescoping during operation.
