

Number Pro

Low- to medium-volume numbering, perforating and scoring

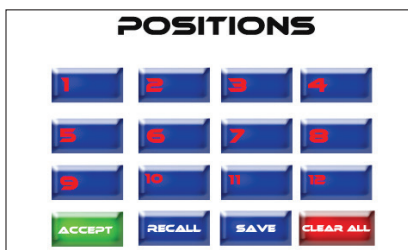

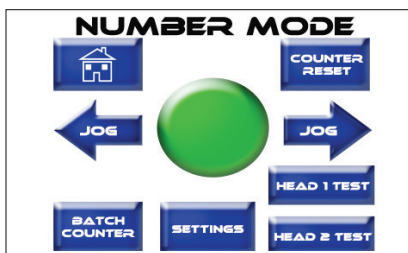

Easy-to-use top friction-feed system

Crash multiform or individual sheet numbering

Number up to 12 times per sheet, per head

User-friendly touch screen for easy set up and control

Auto setups of all the following:

A numbering, perforating and scoring machine that's fast, easy to use and reliable.

Capable of Using Two Numbering Heads

Touchscreen Control

Numbering Head Wheel With Font Style Gothic (7)

The COUNT™ NumberPro is a basic hardworking solution for numbering, perforating and scoring on a wide range of paper stocks. Simple touchscreen programming allows you to number, perf (including micro-perf) or score individually or simultaneously. Number virtually anywhere up to 12 times per sheet, and add a second head for an additional 12 times – or crash number carbonless forms (up to 6 parts). Includes the patented self-inking cartridges to eliminate re-inking.

Number Pro

A low to medium volume top friction feed numbering, perforating and scoring solution.

Features

- Easily program to number, perforate or score, individually or at the same time.
- Offers a reliable top-load friction paper feed system.
- Includes a sheet counter (for both batch and total sheet count)
- Includes reliable electric, Gothic wheel reverse numbering heads – with 7 digits, 4 drop zeros and multiple repeats.
- Apply numbers virtually anywhere on a sheet – from lead edge, place numbers within 1 mm of previous number.
- Number single sheets, or crash number up to a 6-parts carbonless form.
- Choice of black or red ink, in patented self-inking disposable cartridges – no re-inking required! – for approx. 25,000 impressions per cartridge.
- User-friendly touch screen for easy set up and control of the machine.
- Optional second head is available to run "2-up" numbering jobs.
- Optional support stand available for easy mobility.

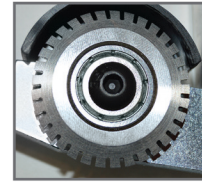

Specifications

| | |
|--|---|
| Model: | Number Pro |
| Model No.: | NPT |
| Paper Feed: | Friction |
| Weight: | 200 lbs (91 kg) |
| Max Numbering Speed: (sheets per hour) | 6,000 |
| Max Linear Perf/Score Speed: (sheets per hour) | 8,500 |
| Paper Weight Range: (gsm) | 60 - 350 |
| Dimensions: | 44.0 L x 32.0 W x 27.0 H in (111.8 x 81.3 x 68.6 cm) |
| Max Sheet Size: | 24.0 L x 18.0 W in (61.0 x 45.7 cm) |
| Min Sheet Size: | 5.0 L x 3.0 W in (12.7 x 7.6 cm) |
| Electrical: | 115 V, 60 Hz, 20 A or 230 V, 50 Hz, 20 A |
| Made in: | U.S.A. |

BLADE TYPES

Standard-Perf Wheel:

The perf wheel that comes standard with all COUNT™ machines has 33 teeth, or 9 cuts per inch.

Micro-Perf Wheels:

Comes in as little as 185 teeth or 96 cuts per inch.
