Where Finishing Comes First.

Gfp 300 Series

Top Heat Laminators

Sign shops and digital printers now have an affordable option for pressure-sensitive applications. The Gfp 300 Series delivers rugged construction, labor-saving features, and high quality output in an entry level machine. Built off the 255C Cold Laminator, the 300 Series adds top heat for better overlamination, mounting and board coating results.

FULLY FEATURED

Produce Professional results

PRODUCTIVE

Roll-to-Roll capability

EASY LOADING

3" Aluminum Quick-Grip shafts

RUGGED DESIGN

Metal Alloy heaters

VERSATILE

Lots of popular applications

overlamination • mounting • board pre-coating

Easy set-up and low maintenance with a top heat boost.

- Labor saving Quick-Grip film shafts
- Integrated rear rewind for roll-to-roll apps
- Swing-up feed table and 38" output height
- Photoelectric eye for operator safety
- Metal Alloy heater reduces breakage
- 5" diameter rollers

Integrated Rear Rewind makes Roll-to-Roll applications easy.

Media Alignment Disks prevent media supply roll from telescoping during operation. (Included)
